*It is hard to believe that in a blink of an eye, twenty years have gone by. The saying "time flies when you are having fun" is truly appropriate at Infinity Ballet. We are incredibly grateful to have fostered so many wonderful young artists throughout the years. It is with great dedication to the arts that many of them have gone on to use their passions and dance experience to contribute to the community in many ways.*

*To celebrate this special anniversary, our students have a collection of dances to present. Our show opens with this season's company dancers presenting a piece choreographed on them by Carolina Ballet principal dancer Jayson Pescasio. This dance reimagines a daily ballet conditioning lesson with a contemporary twist.*

*The year-long training at Infinity Ballet culminates in the experience of creating a theatrical production. This year we present "A Midsummer Night's Dream," a ballet that has a large cast of dancers, full of fun characters, choreographed by Lisl Vaillant.*

*For our second act, resident choreographers Brian Youngkin and Chad Wilson have prepared a medley of classical, character, and contemporary dances showcasing the breadth of styles that students are exposed to at the Conservatory.*

*Lastly, there is no better way to complete our show than with the all-American character dance of tap and jazz. Mr. Youngkin's beginner to advanced tappers will take the stage in two fun pieces. We conclude with a musical theater dance, "Cool Jazz," directed by Kathryn Murphy.*

*We hope you enjoy watching our dancers use their love and imagination to show you all that they have been working on this year.*

*Thank you for joining us!*

*Debra Sayles Senchak  
Artistic Director*

*Infinity Ballet Theatre is a registered 501(c)(3) non-profit organization committed to building theatrical arts in the community by offering high-quality dance instruction with performance opportunities for young dancers to express themselves and grow as artists.*
